### **\*\*\* CO-HOST SCRIPT PREREQUISTES \*\*\***

#### **This is the General script for the Co-Host.**

- This script contains all CO- HOST related material a meeting.
- It is very important that the Host and a Co-Host be in regular communication, and that expectations are discussed between them (e.g., Coordination of topic, who is timing)

#### **From the AA Zoom Security Guide (Hardware suggestions)**

- ADMINS, HOSTS AND CO-HOSTS SHOULD NOT BE ON A MOBILE DEVICE WHEN RUNNING A MEETING. USE A FULL PC OR FAIRLY DECENT LAPTOP.
- Zoom doesn't have the same features, easily accessible on mobile devices.
- It is highly recommended:
  - At minimum, use a laptop or a desktop computer, running Windows, MacOS or Linux.
  - Use an external mouse. This enhances the ability to react quickly to disruptors.
  - Use of a secondary/external monitor is preferred but not required.

#### **Responsibilities of the Co-Host**

- 

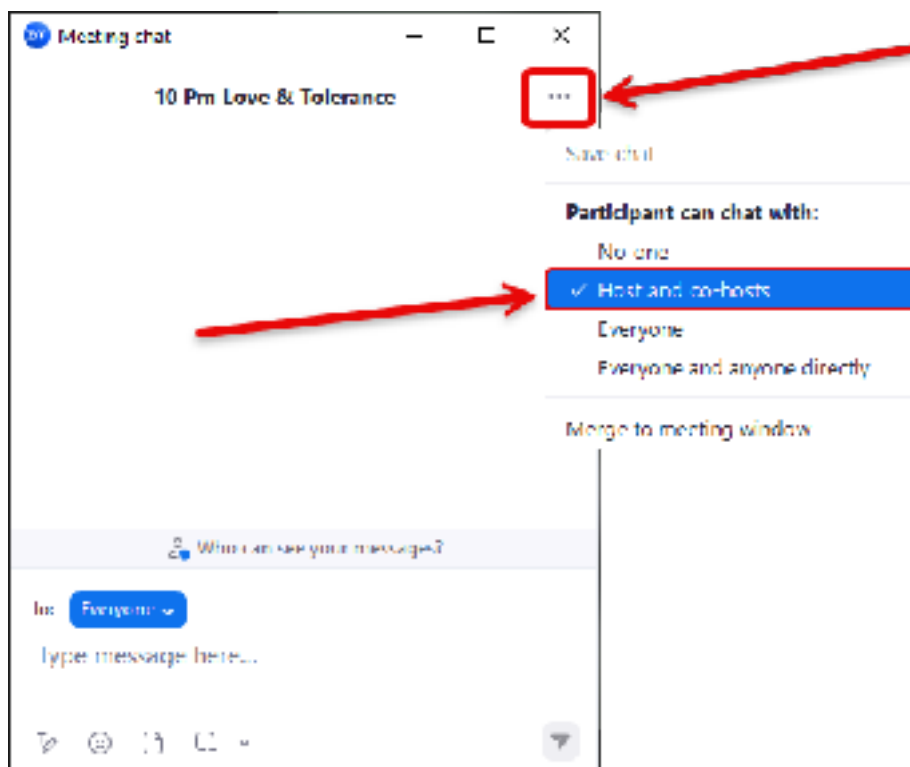

**IT IS RECOMMENDED THAT THE CO-HOST BE THE ONLY ONE THAT ADMIT ANY ATTENDEES FROM THE WAITING ROOM. By performing this task, the co-host(s) will be aware of everyone that has been admitted.**

- The co-host performs all activities and configuration changes to ensure the meeting is as safe as possible.

- 
- Transfer “Host” duties to the Host once they join. If they are already present, request that they make you a “Co-Host.”
  - It is best to enlist the assistance of another qualified attendee and ask the Host to make them a co-host.
  - Coordinate with the host who will be doing the timing. Use a 3-minute timer, giving the sharer a 1-minute warning. After that minute kindly tell them to wrap it up.
  - YOU **MUST** remain focused on the meeting for the entire meeting, fully engaged and monitoring for potential issues.
  - Prior to the meeting, ensure the following pre-meeting settings are configure:

#### CHAT SETTINGS

- In the “**Meeting Chat**,” select the 3 dots  and then select “Hosts and co-hosts” as shown below

#### **PARTICIPANT SETTINGS (IMMEDIATELY AFTER THE SERENITY PRAYER)**

- In the “**Participants**,” select the 3 dots
  - Select (check) “**Mute participants upon entry**”
  - Unselect (uncheck) “**Allow participants to unmute themselves**”
